has successfully completed the online, non-credit Professional  
Certificate

# Cloud Engineering with Google Cloud

In this five-course accelerated Professional Certificate, learners explored and deployed solution elements, including infrastructure components such as networks, systems and applications services using Google Cloud Platform. Learners integrated prior technical skills into practical skills for the job role of an Associate Cloud Engineer.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
